**HELPFUL TIPS>>** 

#### HOW TO CARE FOR YOUR SOFTSHELL JACKET

• DESCRIPTION

Durable Water Repellent (DWR) is a polymer substance applied to the face-fabric of the softshell garment. This finish helps the softshell fabric resist wetting by causing the water to bead-up so it easily falls off before being absorbed into the fabric. Additionally, our softshell fabrics have a waterproof film membrane that prevents penetration of the water through the fabric. Washing the jacket to keep it clean of soils and debris will prolong the DWR and help maintain performance.

To wash your softshell jacket, Zip all zippers, and close all fasteners beforehand. Wash your jacket in a regular washing machine, in cold water, on a gentle cycle. Use a mild powder detergent, as liquid detergents can leave a residue on your jacket that will interfere with the DWR coating. Put it through the rinse cycle twice, to be sure the detergent residue washes out.

Dry your jacket in a tumble dryer on a medium heat setting (40°C / 104°F) for 40 to 50 minutes. Do not use bleach, fabric softeners, dry clean, or store when wet.

To remove grease from a technical jacket, dampen the stain and rub in dishwashing detergent. Then wash the jacket in warm water with plenty of mild powder laundry soap.

Overtime, your softshell garment will lose its DWR coating. When this happens, DWR should be reapplied to the garment. This should be done once per season, or more often if the garment receives a lot of use or washing.

#### CONDOR MINIMUM ADVERTISED PRICE POLICY

In order to protect the Condor Outdoor Products brand image and reputation for quality products, Condor Outdoor Products has adopted a Minimum Advertised Price Policy (MAP) for our products. This policy only concerns advertised price and in no way restricts or relates to the actual sale of any item. This policy is applicable to all forms of advertising including catalogs, mailings, consumer expo/shows, internet and any other electronic media. This policy relates equally to all Condor Outdoor Product distributors and dealers. Retailers who advertise a related product for sale below the MAP, shall have all pending orders suspended without further notice. All decisions under this policy will be made and enforced by Condor Outdoor Products unilaterally. No warning or "second chances" will be permitted. This policy may be modified by Condor Outdoor Products from time to time. Condor Outdoor Products does not seek, nor will it accept any agreement or understanding with respect to the prices you may advertise or charge at any time.

#### **RESALE TO THIRD PARTIES**

Retailer agrees not to sell products of Condor Outdoor Products, Inc. to or through any third party websites, including, but not limited to, any on-line auction or online marketplace/store, such as eBay and Amazon. Condor Outdoor Products, Inc. strictly enforces this policy prohibiting resale of products to third parties and will suspend all pending orders from retailers immediately for violation of this policy.

#### CONDOR END USER PRODUCT WARRANTY:

Condor Outdoor Products Inc. guarantees its products for one year from the original date of purchase. Apparel warranty is for 90 days. This warranty covers the product for the original owner against defects in materials and workmanship. If the product ever fails during the warranty period due to a manufacturing or material defect, then Condor will repair or replace with like product at our discretion. This warranty does not cover damage caused by normal wear and tear, accidents, improper use, sun damage, or the natural breakdown of colors and material over time. Clothing items must be in un-worn, un-washed condition to be eligible for warranty. To make warranty claim, End User must return to the original Authorized Condor Dealer where the item was purchased and submit original sales receipt. Dealer will then contact Condor and follow its procedures.
