CONCEALABLE COMFORT

The EnGarde® DeLuxe™ concealable carrier system is one of our most popular products. The updated design of this soft armor panel carrier uses a moisture wicking fabric to diffuse pockets of body heat.

This breathable carrier solution that provides superior comfort even during extended wear in hot climates. The versatile fit of the DeLuxe™ allows the soft armor panels to contour tightly to the body for maximum concealability. The DeLuxe™ carrier can be used with any of our soft armor panels for Level II or Level IIIA configurations. The DeLuxe™ concealable carrier system is available in black, white and navy blue.
