The advertisement features two images of a black flashlight. On the left, a hand in a brown tactical glove holds the flashlight horizontally. On the right, the same hand holds the flashlight vertically, with the beam of light shining downwards. The background is a dark, textured surface.

XT11GT **2000 LM**

One-Hand Tactile Control

One Touch Access

Suitable for tail or side operating preference
Professional tactical design with enlarged
contact area for easy use even when
wearing gloves

Patented Triple Independent Switch Design

XT11GT **2000 LM**

Multi-Switch System designed using **KLARUS** patented SLT signal transmission technology

Dual Button Tactical Tail Switch patented since 2011

Multi-Switch System patented since 2016

Primary Switch

- One-Touch Access
- ON/OFF
- Constant-ON

Mode Switch

- One-Touch Strobe
- One-Touch Low

Side Switch
